AESTHETIC BUSINESS MASTERS

Aesthetic Business Masters . Details are correct at the time of publication. Resort, itinerary and inclusions are subject to final confirmation.

Who belongs at this table?

RESET is for established owners and leaders in aesthetics, beauty, wellness and medicine: clinic owners, founders, directors, practice owners and senior business leaders with real businesses, real teams and real decisions to make.

You might be growing quickly and need a plan that keeps pace. You might be steady and successful and sense that the next stage asks something different of you. Either way, you're ready to give the business three days of your best thinking.

This isn't an introductory business seminar. We don't select on follower count, job title or a revenue threshold. We select for fit: people who'll contribute candidly, respect the confidentiality of the room and leave the table better than they found it.

You'll feel at home here if you:

- lead a team, and the business depends on your decisions
- want your marketing planned ahead rather than squeezed in
- value outcomes over more information
- appreciate honest conversation with people at your stage.

> *"We select for fit, not follower count.*

OPTIONAL EXTENSION · DAYS FOUR & FIVE

10

The first three days reset the business. The next two are for you.

No workshops. No laptops. No marketing calendars.

For those who'd like to stay on, the optional two-night extension is time to rest, restore and enjoy Fiji properly, after the work is done rather than instead of it.

Think slow mornings, long lunches, time in the water and space to let three big days settle. Experiences may include spa and wellness, resort leisure, beautiful dining and optional activities.

Rest isn't a reward. It's part of how good decisions get made.

Final extension inclusions will be confirmed once our Fiji resort and itinerary are finalised.

Why *only* 15?

Because the room is the experience.

Fifteen is small enough that there's no back row and everyone takes part. Small enough that the experts learn your business, not just your name. Small enough for the candid conversations people don't have in a ballroom of four hundred.

And it's large enough to bring a real range of experience, so the person beside you has often already solved the problem you're facing.

The conversation that starts at the table carries on over dinner. With the right group, it continues well beyond Fiji.

No back row.

Everyone participates.

Experts who know your business.

Relationships built to outlast the retreat.

ARE FLIGHTS INCLUDED?

No. Flights are arranged and paid for separately. We'll share recommended arrival and departure timing once you're accepted, so please hold off booking until then.

IS THIS PRIMARILY BUSINESS OR WELLNESS?

Business. The three core days are structured working days with tangible outputs. Fiji, beautiful food and genuine rest are woven around the work, and the optional extension is where wellness takes centre stage.

Established clinic owners, founders, directors, practice owners and business leaders across aesthetics, beauty, wellness and medicine.

WILL PHOTOGRAPHY AND VIDEO BE INCLUDED?

Yes. A professional photographer and videographer will be with us throughout RESET to capture content for your brand. You'll always be asked for consent, and some sessions will stay camera-free.

HOW DOES THE APPLICATION PROCESS WORK?

Complete a short application about you, your business and what you want from RESET. Every application is reviewed personally. Applying does not guarantee a place.

CAN I ATTEND ALONE?

Absolutely. RESET is designed for individual attendees, and with only twelve people at the table, no one is left on the edges.

WHAT HAPPENS AFTER I APPLY?

We'll be in touch within [X business days] to arrange a short conversation. If RESET is the right fit for both of us, you'll receive an offer of a place, with payment details and next steps.
